

Wilson Boat Ramp Weekly Construction Update: Construction activity will continue next week, with the contractor continuing site preparation for subgrade and asphalt placement. The ramp will remain partially open under the conditions of the temporary opening. Construction activity is expected to increase next week, with additional construction vehicles and equipment expected on-site. Adherence to the Monday-Friday 10:30 am closure is greatly appreciated. The specifics of the temporary ramp opening are as follows:

Temporary opening from **Saturday, April 13th, to Sunday, April 28th.**

Operating Hours:

- Monday to Friday: Open until 10:30 am for morning access to the boating community. After 10:30 am, uninterrupted access to the construction site will be granted to the Contractor.
- Saturdays and Sundays: Open all day.

Parking Restrictions:

- No on-site parking allowed. Users are requested to park trailers and vehicles at Stilson.

Closure Schedule:

- Unless otherwise notified, the ramp area will permanently close again on Monday, April 29th, as final grade/paving activities commence.

Amenities:

- There will not be any trash receptacles at the ramp. Please adhere to the posted signage and pack out all trash.
- Restroom facilities will be open.

Project Priority and Safety

- Despite the temporary opening, the ramp area will be in a state of construction. Users are advised to exercise caution while navigating the area due to potential unmarked hazards and obstructions.

Acknowledgement:

We appreciate your patience as we navigate the balance between the requirements of the contracted builder, recommendations from project engineers, and the needs of the public.

For any inquiries or concerns regarding the project, please contact Max Moran, Parks Project Manager, at mmoran@tetoncountywy.gov.

Thank you.
